

## Town of Beddington

### Ordinance Allowing High Impact Power Lines in designated area with in the Town of Beddington, Maine

Whereas, the Town of Beddington Select Board and Planning Board have researched and reviewed the pros and Cons of High Impact Power Lines, and

Whereas, said Boards have found the only place said Power Lines could be placed would be on the Beddington-Deblois Line. The designated area would include the Land within the Town of Beddington, 1320 feet from said Town Line and must comply with Beddington's Land Use Plan and Shoreland Zoning Ordinance which states that a public utility, water district, sanitary District or any utility company of any kind may not Install services to any new structure located in the Shoreland zone unless written authorization

Attesting to the validity and currency of all local Permits required under this or any previous Ordinance has been issued by the appropriate Municipal officials or other written arrangements

Have been made between the municipal officials  
And the utility. No power lines may cross a lake  
Or river segment as it presents a flight hazard to  
Firefighting aircraft and sail propelled vessels. Also  
The access road must comply with Section 9, pages  
22 and 23 of the Subdivision Ordinance for the Town  
Of Beddington entitled Road Design and Construction  
Standards, and

NOW THEREFORE, the Select Board of the of the Town of  
Beddington ask the residents to approve  
Said Ordinance.

THEREFORE, BE IT RESOLVED by the Beddington Town Select Board  
Declares a designated place for High Impact  
Power Lines within Town lines.
